**Northmont Schools Stakeholders Invitation:**

Over the last few years, Northmont City Schools has taken steps to actively engage our stakeholders in conversations regarding current and future facility needs. Now, we want to continue that engagement and progress the conversations in order to develop a focused, shared, and feasible plan for facilities that will support the mission and vision of Northmont City Schools and guide the district into the future.

We are inviting you – our stakeholders – to help us develop this plan by participating in a series of three Facilities Forums over the next several months. We will both share information and have facilitated conversations and exercises so that participants can share their assessments of current facility needs, priorities, and visions for the future of the district. Thank you in advance for your participation in this important process.

Please plan on joining us – we want and need your input!

**Facilities Forum 1**

February 20<sup>th</sup> 6:30-8:00pm\*  
Kleptz Early Learning  
Center Dining Room  
1100 National Rd.

**Facilities Forum 2**
